INTO THE UNIFIED FIELD

AWAKENING THE TRUTH FREQUENCY

LAURA EISENHOWER

What Laura beautifully articulates is a personal mission to secure the highest organic timeline that, along with the proper ascension mechanics, benefits from an individual's balancing of our feminine and masculine energies.

Awakening the Truth Frequency Into the Unified Field

by Laura Eisenhower

If you aren't living your most authentic self, if you aren't *Awakening the Truth Frequency*, you can't realize personal and universal truth. If we compromise and waver in our integrity, we become vulnerable to distortions and imbalances that attract archonic attachments. These keep us in a lower existence of reality. Many of us have lost touch with our connection to our higher mind... *our intuitive abilities*... having weakened their integration into our daily lives. Now, more than ever before, our energies are supported by spiritual forces. By being humble, and by letting go of ego attachments, we can align with our most authentic expression, and use truth to ease our journey *Into the Unified Field*.

by Michael Jaco

History's great thinkers including General Patton, Gandhi, Henry Ford, and the Dalai Lama have believed in transmigration. Countless great philosophers, including Pythagoras, Socrates, Plato, Aristotle, and even Saint Augustine believed in the rebirth of the soul. *Awakening of a Warrior* is the result of Jaco's investigation into the lifetimes he experienced before the present. Included are his lives as King Abimelech of Gerar, who allied with Abraham to create Judaism; Cyrus the Great, who unified all of Persia; and Marcus Furius Camillus, who came to be considered the second founder of Rome. Michael Jaco's autobiography is a journey unlike any other. It travels through historic conflicts in India, Egypt, Greece, and Rome. It is an epic and thrilling story of kings and generals, philosophers and religious leaders.

"The term 'esoteric' implies knowledge available to a select few. This book opens the door to the many mysteries of our world being withheld from us in the 'official narrative.' But at what cost? What is lost when we are not fully informed in our current culture of secrecy? What is our true potential as people? How will future generations view us at this pivotal moment of human ascension?" —Adventures Unlimited

"The truth is not just a casualty of war but of peace. The official narrative is controlled by an elite few to ensure that the real truth remains hidden within a culture of secrecy. ... Olsen reveals many pieces of the puzzle, explaining how we've been duped and what we can do about it. A courageous work that serves to set us free." —Nexus

Future Esoteric: The Unseen Realms

2nd Edition

by Brad Olsen

Things are not always as they appear. For the past century forbidden subjects such as UFOs, human abductions, secret space programs, suppressed free energy devices and other fantastic notions have tested the human mind, forcing it to decipher fact from fiction. But is there a common thread? As sites like WikiLeaks and their founders try to unveil war secrets and covert black operations, international governments have little-by-little begun exposing what they've tried for years to keep hidden. Chronicling what he calls the "alternative narrative," Brad Olsen gets down to the middle of it all.

Pope Francis: The Last Pope?

Money, Masons and Occultism
In the Decline of the Catholic Church

"Exceptionally well-written, organized and presented...The Last Pope? is as informed and informative as it is thoughtful and thought-provoking." —The Midwest Book Review

Pope Francis: The Last Pope?: Money, Masons and Occultism in the Decline of the Catholic Church

by Leo Lyon Zagami

With a paltry population of 842 persons, the city-state of Vatican City in the heart of Rome is the smallest nation in the world. What would we find behind the walls of the world's most sparsely populated sovereign municipality? The Vatican City is home to the pope, the Vatican Bank and the Swiss Guards who offer protection. The popular façade of a smiling pontiff leading the Catholic faithful to salvation is what the world sees. But maybe there is a darker side? Through exploration of the integration of Masons in the Vatican with ancient occult practices, Zagami believes the dawn of a New World Order begins with a One World Religion to be ushered in by Pope Francis himself. Will our future be one of global tyranny, or can we overcome this oppression and advance towards universal enlightenment without direction from the Church?

Confessions of an Illuminati Volume I: The Whole Truth about the Illuminati and the New World Order

2nd Edition

by Leo Lyon Zagami

Released in English for the first time by secret society insider and author Leo Lyon Zagami, this groundbreaking book presents internal documents, confidential rituals, secret fraternal rites, and a unique perspective on global events that expose a web of deceit and total world control. His book contends that the presence of numerous Illuminati brotherhoods and secret societies—just like the prestigious Yale University’s Skull & Bones—have always been guides to the occult. From the Ordo Templi Orientis (O.T.O.)’s infiltration of Freemasonry to the real Priory of Sion, this book exposes the hidden structure of the New World Order and the occult practices of the various groups involved within it, including their connections to Aleister Crowley, malevolent ETs, the intelligence community and the infamous Ur-Lodges. —Midwest Book Review

Confessions of an Illuminati Volume II: The Time of Revelation and Tribulation Leading up to 2020

He outlines the Satanic infiltration of Freemasonry, pointing out the generational aspect of the bloodline families. The Confessions of an Illuminati narrative in Volume II is projected to the reality of today, including the occult maneuvers behind the New World Order.

“The agenda for a New World Order is real and it includes a plan to implement a World War III scenario by 2020, according to former Illuminati member Leo Lyon Zagami in volume two of his Confessions series. Zagami has a pedigree with roots in Italian/Sicilian nobility with Freemasonic heritage as well as in Scottish nobility, again with Freemasonic links. He reveals that the major forces working towards a world government are Jesuits in cahoots with Zionists. But the other key hand, he says, is China with its own brand of Freemasonry operating behind the scenes. —Nexus

In the third book of his Confessions series a variety of topics of interest are explored that are always verified with documentation.
